Traditional In-ground Burial

MONUMENT GRAVES

The natural serenity of the cemetery along with the beautiful landscaping and well maintained lawn provides peace of mind without financial burden. St. Joseph Cemetery offers plots that accommodate upright family monuments. There are also lawn level marker graves to accommodate family needs.

LAWN CRYPTS

Double-depth lawn crypts are the most economical form of in-ground interment. One price includes grave space for two people, concrete outer vault, interment fees and a bronze memorial on a granite base with vase. This attractive, peaceful area has more than 1,600 crypts.

Above Ground Options

MAUSOLEUMS

For those who prefer above-ground entombment, St. Joseph Cemetery offers a choice of single or companion crypts. Each includes space, all entombment fees, bronze name plate and vase. As with all of St. Joseph, the above ground mausoleums are beautiful structures surrounded by superb, well maintained landscaping.

CREMATION NICHES

As more families select cremation as a final means of disposition, St. Joseph Cemetery offers several cremation niche options. These include indoor niches with formal etched glass and outdoor niches featuring religious shrines.
